

Food Hall.

House Rules

Hey, welcome back.

Whilst we are over the moon to be back open again, things are a little different. Please work with us on providing the best experience we can at this moment in time by following these simple rules. If you experience any issues, please communicate these to a member of our team.

Be polite, patient & compliant with our staff & house rules at all times. Any behaviour deemed to be unsuitable or unsafe will result in being asked to leave the venue immediately at the discretion of the venue management. This includes intoxication and behaviours associated with it.

Fill in the sign in sheet (one person per party) and agree to our terms of entry prior to entering the venue. This is a track and trace measure in the unlikely event of a COVID-19 case. Details will be kept on file for 21 days in line with GDPR requirements.

Abide by our allocation of 2 hours per party and leave your table when requested by a member of our team.

Follow our social distancing measures as marked out on the venue floor at all times.

Ensure children of all ages are seated and supervised at all times.

Do not stand or walk around the venue unless you are ordering food & drink or using our toilet facilities.

Please sanitise or wash your hands frequently using the sanitiser provider or at the toilet hand wash station.

Ensure children of all ages are seated and supervised at all times.

Please stay seated within your allocated table space and do not encroach or join other tables or parties.

Toilets

A maximum of 2 persons are permitted in each toilet at any one time.

Please form an orderly queue at the toilet entrance using the floor markings.

Please wash or sanitise your hands on both entering and exiting the toilet facilities. We have hand sanitising stations at the entrance.
